LONDON, Oct. 11 (By the Associated Press).—Today's advices from the battlefield indicate it is virtually certain the Germans will have to evacuate the St. Gobian forest almost immediately.

URGES OMISSION OF DRAFT LISTS

Because the publication of the draft lottery numbers only tends to confuse local registrants and mislead them as to their order of call, the TRIBUNE did not publish these numbers.

"I advised The TRIBUNE not to publish these numbers," said J. E. Greenan, chairman of the draft board organization, "because the numbers in themselves mean nothing to the registrant save misinformation. For instance, a registrant might find his serial number 7000 down in the list. He would assume his order number to be 7000. This would be wrong. If this board had registered say 3000 men, 3000 would necessarily be the highest order number. In other words, all the numbers on the drawing over 3000 would have to be crossed out, and then the cards."

Eureka Man Among Westgate's Victims

WASHINGTON, Oct. 11.—The names of the following enlisted men were added to the list of victims of the Westgate, sunk in collision, October 7: Earl F. Anderson, 2281 Albee street, Eureka, Cal.; Earl F. Smith, Jacksonville, Ill.

Order number for any given number counted up.

"The draft boards must prepare master lists from these numbers by eliminating all higher than their total registration or higher serial number, and then go ahead and find the order of the serial numbers in this revised list. It will be a job of about ten days."

"Publication of the lists in San Francisco have resulted in hundreds of mistakes, a registrant calling on the local boards and have kept the telephone busy. All we can tell them is that they can find nothing out from the big list."

"The best way is to wait until the local boards find their order numbers and send them on their classification have to be crossed out, and then the cards."

JORDAN EXPLAINS SUPPORT OF BELL

Secretary of State Frank C. Jordan today issued his promised statement, explaining why he has deserted the regular Republican nominee for governor and is supporting the Independent Democratic candidate, Jordan first established his Republicanism, declaring that at times "I have been the lone Republican in the State Capitol." Most of the Jordan statement is devoted to an attack upon the various State commissions, these commissions being charged with gross extravagance. The statement in part follows:

"I shall cast my Republican vote for Bell because there is no genuine Republican candidate. Mr. Stephens is being run for Governor by a coterie which stands for tax-eating extravagance, favoritism and bone-dry prohibition, which are not Republican ideals."

"I have been a regular Republican since I cast my first Republican vote for Blaine. I want my regularly tested by my fidelity to the platform made by Republican leaders in national convention. I don't accept the State platform made by men who are Republicans for expediency."

Discussing the state commissions, Jordan says:

From 1903 to 1910 our population increased \$42,278. In 1910 to 1917 it increased \$42,274. From 1903 to 1910 the expenses of running the state were \$73,000,000. From 1910 to 1917 they were \$130,000,000. In 1903 the expense per person was \$4.82; in 1910 it was \$5.21; in 1917 it was \$7.68.

From 1903 to 1910 the total payments for the state by the state controller were \$109,000,000. From 1910 to 1917 they were \$248,000,000. For the fiscal year of 1910 the en-

PIONEER OF 80 SORRY HE CAN'T FIGHT IN FRANCE

Fifty-nine years a resident of California, member of the State militia that quelled the San Francisco riot when President Lincoln was assassinated, William Nellis, age 80, was admitted to the County Infirmary yesterday by County Social Agent Mrs. E. G. Harrison.

Nellis lost two children, a boy and a girl, who were burned in the San Francisco fire of April 18, 1906. At the same time he lost \$1000 in currency, which was burned.

The old pioneer expressed only one wish, and that was to give his life for the cause in France.

"I couldn't go very far, but I can shoot straight," the old man said.

The expense of all commissions was \$673,000. For the single month of August, 1918, the payroll alone of existing commissions was more than \$300,000, or \$3,600,000 per year. Though there was no greater increase in population, in the last seven years, the controller paid out \$138,000,000 more, and our government cost us \$56,000,000. Why should it be? Because the tax-eaters must be fed.

After attacking the stand of the governor on prohibition, Jordan discusses remedies for state ills.

"What is the remedy for state ills? Reorganization of commissions, consolidation of departments and bureaus. Revocation of arbitrary power. The right of appeal from unjust decision. Rigid retrenchment everywhere. No man should be sent to the legislature unless he pledges himself to this program. Governor Stephens cannot carry out this program. He lacks initiative, decision, energy, the power to direct. And he is hog-tied by his tax-eaters. What he lacks Theodore Bell possesses. Bell is young, energetic, able, enthusiastic, courageous and constructive. He has ideal executive ability, and a mind of his own. That's why I'm for him."

Chosen News Editor of Associated Press

SAN FRANCISCO, Oct. 11.—John Evans was today appointed news editor of the Western Division of the Associated Press, succeeding C. E. Perssens, who recently accepted the directorship of the Department of Education of the United States Fuel Administration. Evans has had several years' experience in the San Francisco and Los Angeles offices of the Associated Press. Before coming west, he worked on Des Moines, Washington, D. C., and Chicago newspapers.

BERKELEY MAN TWICE WOUNDED IN TWO MONTHS

Twice wounded in less than two months, H. A. Childs, son of Mr. and Mrs. H. M. Childs, 1833 Berry man street, Berkeley, is in a London hospital and on the road to recovery, according to a cable received by the parents. The young man's name appears in today's list of casualties sent out by the Canadian government. At Ottawa, Childs was first wounded August 8, at Amiens. Only a short time ago his folks received word from him that he had gone back into action with his regiment, the 72d Seaforth Canadian Highlanders. It was on October 1, in the drive on Cambrai, that he was wounded the second time.

The Canadian list also contains the name of J. O'Brien of Oakland among the wounded.

Childs was a University man and left college to fight with the Canadians.

SENT TO PRISON.

For \$35, which he took from a saloon at 301 Filbert street, holding the place up with a gun to secure it, James Gregg, 23, a three-time loser, was today sentenced to San Quentin for an indeterminate term.

Meeting of Grand Lodge Ends Today

SAN FRANCISCO, Oct. 11.—The convention of the grand lodge of Free and Accepted Masons, California, jurisdiction, will close here today with installation ceremonies and certain changes in the personnel of the grand lodge officers, former Deputy Grand Master Bradford Webster succeeding William B. Hervey of Los Angeles, as grand master. Hervey becoming past grand master. The other automatic promotions were the raising of Senior Warden Charles A. Adams to deputy grand master, he being succeeded by George F. Rodier, former grand junior warden.

ORDINANCE TO AID FAMILIES SEEKING HOME

By EDNA B. KINARD.

It will be a question of but a few days before an ordinance will be introduced before the City Council by Commissioner P. F. Jackson, offering a check upon owners of dwelling houses and apartments who refuse to permit families in which there are children to occupy the premises. When the legal technical phases of the proposed regulation were referred to the city attorney's office, the ordinance was placed in the hands of Colonel William O'Brien. He had about completed the preliminary work of framing the ordinance when he became ill. His death yesterday has held up the final report. It is generally understood that the municipal law will be just and yet answer the great necessity of providing shelter to the parents of children who are swarming into the city at the call of the great shipbuilding industries and whom the United States Housing Corporation, the Oakland woman's committee, Councils of National and State Defense, and many other interested bodies, assert that on moral and patriotic grounds must not be separated from their families. Clergymen of every denomination have been urged by the federal bodies to assist in forming public opinion toward the end that landlords shall make no discrimination against children as tenants.

STERLING MEASURE.
The passing of a protective ordinance by the Council of Oakland will be recognized as a sterling measure in the patriotic contribution of the city to the war and the great tasks

From the Pulpit to Magic! That's the Orpheum Gamut

WILBUR MACK

of reconstruction that will come after the war and a long step in establishing the moral future of the municipality.

A little mother yesterday visited the Associated Charities. Her husband was a shipyard worker. Her lad of 3 years was in the Baby hospital ill with pneumonia. The family had been living in housekeeping rooms in a basement, the best that could be had by them. In the baby weighing and measuring campaign of the summer the boy had been pronounced a 100 per cent baby and heralded as a perfect child. When he comes out of the hospital he cannot be returned to the basement home. So she walked and hunted and despaired. There was a child. Her limited purse does not permit a wide choice of the city's best homes. It must be a modest, within-her-means place. What is she to do? Weakeness and tears did not solve the problem. Some landlord, willing or unwilling, must be persuaded to give little homes to such as these—fathers and mothers who have boys and girls growing up into citizenship and burdens of the nation—after the war.

Allowing from the great lack of dwellings and apartments which are empty, why should mothers weep and fathers worry because there has been a persistent and unchecked movement on the part of property owners to banish children from the rented homes. Eastern cities have been obliged to meet the situation by the passage and enforcement of certain and rigid ordinances.

Itched Terribly. Cuticura Heals.

"My face and the back of my neck became dotted with blackheads that later took on the form of pimples. The pimples were hard and red, and they scaled over and in some instances they appeared in blotches. James Morton Sacrifice Big Act to Introduce Others

Two of the smartest, snappiest comedy offerings that ever tickled the risibilities of New York, the greatest magician of the age, a minister of the gospel who left the pulpit to sing his message to the people, and in doing it has become one of America's real vaudeville stars; these are the high spots in the show that opens Sunday matinee at the Oakland Orpheum; another of the new all-star shows that are to be the custom this year, as announced opening night by Manager Harry Cornwell.

Every bill since the house opened has been a big feature bill—but this is the biggest of all in point of diversity of entertainment and eminence of the stars that are to appear. Here are some of the names:

Wilbur Mack.
Whipple and Huston.
Brandel and Flo Bert.
Nate Lepzig.
James J. Morton.
Rev. Frank Gorman.

Wilbur Mack, who has never failed to put over a big hit, has a new one in "A Pair of Tickets" this coming week, with Gladys Lockwood, a particularly beautiful girl, to ornament.

Ed Brandel, one of the snappiest character comedians in vaudeville, fairly scintillates in "Waiting for Her," a feature that took the Palace Theater in New York by storm. Whipple and Huston, in their new offering, "Shoes," also were the talk of Gotham, because they had something so new that no one ever dreamed of it before.

Then there's Nate Lepzig, the greatest of conjurers. With a pair of hands and a pack of cards he has everyone staggered beyond belief. At the Magic Circle Competition in London he received the prize for the best trick invented, over three hundred magicians of every nationality. The late Nevil Maskelyne presented the medal.

And he's an American—brother of the cartoonist who draws the "Van Loon" comics.

Then there'll be Losceva and Gilmore, in "A Bit of Smart, Snappy Stuff," Frank W. Gorman, the pastor who left the pulpit to sing his message, and who became the rage of the east; Emerson and Baldwin, jugglers and comedians, and James W. Morton, the world celebrated monologist, will be a "human program and announce each act with his merry quip and jest."

Two days more remain to see Verthebaud, the violin virtuoso Flanagan and Edwards, and the rest of the great attractions on this week's bill.

Seen the Orpheum yet?

Women Discuss New State Legislation

LOS ANGELES, Oct. 11.—Drafts of three bills bearing on the welfare of women which are to be presented tomorrow at a general meeting of the Women's Legislative Council of California.

forms were considered at a meeting here of the executive board of the council.

A bill which would change existing community property laws was presented to the board by Miss Gail Laughlin of San Francisco; another which would increase the per capita allotment for secondary schools was presented by Dr.

Lois Clark of Riverside, and a third which would provide for a farm for delinquent women was presented by Mrs. C. T. Ashley of Los Angeles. A report on proposed changes in the constitution of the council prepared by a committee headed by Mrs. Hester T. Griffith of Los Angeles was also considered.

JOHN O. EVANS
DIES ON RANCH

A despatch received here from Rumsey, Yolo county, announces the death of John Oliver Evans, well known in San Francisco and the Eastbay shore cities, on his fruit ranch Wednesday morning, following a brief illness. He was a native of Manchester, England, where he was born in April, 1841. He came to California in 1887, and the following year entered the service of the Passenger Department of the Southern Pacific Company in its main office at San Francisco, where he held the post of statistician for practically thirty years. During most of that time he was a resident of Alameda and Oakland, his residence in this city being at his home property on Harrington street. He is survived by his widow, Louise, and one son by an earlier marriage, Oliver Pierce Evans, and one sister, Mrs. Evan Roberts, both of whom are living in Manchester, England, and by two brothers, Taliesin and Caradoc A. Evans, both of whom are residents of Oakland.

More of the Smart New

Winter Coats for Women

The individuality of the new loose and semi-fitting models we are showing give our Coats all the exclusiveness that smartly-dressed women demand today.

Some have fur trimmings, some belted front and loose backs, while others are in the ultra fashionable, dolman effects with sleeves.

Among the newcomers, too, are many service Coats in trench styles with tailored collars and pockets.

The colors are oxfords, kerseys, velours and tweeds. The dressy styles are in bolivia, silver-tone, duvet de laine, pom pom and broadcloth. All the season's best colors here. Prices—\$25 to \$225.

Fashionable Velveteen Frocks For Street or Afternoon Wear

The military style prevails in the street models, while those for afternoon are braided, embroidered or are beautifully combined with satin, georgette or tricotine. The sleeves for the most part are plain, although a few have a suggestion of a flare over the hand. Prices—\$25 to \$89.50.

Will the Hun Win in Oakland

The hordes of the kaiser are meeting with defeat in France and Belgium. Experts believe that the collapse of the German war machine has been largely due to lack of munitions. Should our boys run out of munitions, the fight would again become a draw, and the outcome would be in doubt. To keep our boys supplied money is needed. These supplies have been bought. Now we must pay for them.

Oakland's quota in the Fourth Liberty Loan is much larger than its former quota. It is up to you, Mr. Citizen, to clinch this fight now. While our boys are licking the kaiser in Europe, don't let him win here.

GO TO THE NEAREST BANK AND SUBSCRIBE FOR BONDS; DOUBLE YOUR PREVIOUS SUBSCRIPTION. Beat the Hun at home. Our boys will beat him over there.

Millions Use It For Colds

Because "Pape's Cold Compound" relieves cold or gripe
"misery in a few hours—Really wonderful!"

Don't stay stuffed-up!
Quit blowing and snuffling! A
dose of "Pape's Cold Compound"
taken every two hours until three
doses are taken will end gripe
misery and break up a severe cold
either in the head, chest, body or
limbs.
It promptly opens clogged-up nos-
trils and air passages; stops nasty
discharge or nose running; relieves

sick headache, dullness, feverishness,
sore throat, sneezing, soreness and
stiffness.
"Pape's Cold Compound" is the
quickest, surest relief known and
costs only a few cents at drug stores.
It acts without assistance, tastes
nice, and causes no inconvenience.
Don't accept a substitute. Insist
on "Pape's"—nothing else. Adver-
tisement.

Health Authorities Alarmed At Increasing Death Rate From Kidney Diseases

60% of 100,000 Deaths Each Year Are Due to Neglect

In our pursuit of the mighty dol-
lar, we too often are absorbed in the
topics of the day, pleasure, etc., to
stop and consider our health. Stop
now—think—kidney diseases caused
100,000 deaths last year. Are you
going to be included in this year's
total? Why, you will exclaim, do so
many die, why are the health au-
thorities so concerned? The answer is,
we bolt down our food, take no ex-
ercise, neglect our sleep and other-
wise subject our system to all sorts
of abuse. Is it any wonder then the
kidneys become diseased and fail
in their duties of poison elimination?
Poisons are constantly being cre-
ated in our bodies and if the kidneys
fail to carry them off they are ab-
sorbed by the blood, causing ill-
health and misery in the form of
headaches, backaches, tired feeling,
indigestion, etc.
You may avoid considerable suf-
fering if you heed nature's warn-
ings and assist the kidneys. War-

ner's Safe Kidney and Liver Remedy
is a reliable preparation made from
herbs and other beneficial ingredi-
ents that has been used with excel-
lent results for forty years. It
assists the kidneys in their impor-
tant duties, strengthens and helps
repair the wasted tissues. It is very
effective and is used in thousands of
homes. Read what this grateful
woman says:
"I wish to say that your remedies
have been used in our family for
about fifteen years. We are never
without a bottle of Warner's Safe
Kidney and Liver Remedy in our
home, and it has saved many a doc-
tor's bill. It is wonderful medicine
for all diseases of the kidneys and
liver."—Florence B. Schmidt, R. F.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion
at home for few cents

Squeeze the juice of two lemons
into a bottle containing three ounces
of Orchard White, shake well, and
you have a quart of the best
bleaching and skin whitening lo-
tion, and complexion beautifier,
at very small cost.

Your grocer has the lemons and
any drug store or toilet counter will
supply three ounces of Orchard
White for a few cents. Massage this
sweetly fragrant lotion into the face,
neck, arms and hands each day and
see how tan, redness, sallowness,
sunburn and windburn disappear
and how clear, soft and rosy-white
the skin becomes. Yes! It is harm-
less—Advertisement.

Consolidates Bonds Bought With Oil Coin

Attorney General Gregory has or-
dered that Liberty bonds to the
total of \$430,000 purchased with
money impounded in the federal oil
cases and distributed in banks
throughout the state be collected
and deposited with the Mercantile
Trust Company of San Francisco.
The first step in the consolidation of
bonds in one bank was taken yes-
terday when \$2,000,000 worth of
bonds purchased with impounded
funds of the General Petroleum and
Boston Pacific oil companies was or-
dered deposited with the San Fran-
cisco bank.

A similar order is expected to be
issued at the request of the oil
companies for concentration of
money not invested. Receiver How-
ard M. Payne is obtaining stipula-
tions from the oil companies to in-
vest \$2,500,000 in the fourth Lib-
erty loan. Figures obtained show
that Liberty bonds have been pur-
chased as follows under the direc-
tion of Receiver Payne: First Lib-
erty loan, \$375,000; second issue,
\$2,000,000; third issue, \$2,500,000.

NEWS OF THE SHIPYARDS

About November 1 the pay-as-
you-enter restaurant at the Al-
ameda plant of the Bethlehem Ship-
building Corporation will be opened
for business. The building is being
created by the Emergency Fleet
Corporation at a cost of approxi-
mately \$50,000, but when completed
will be turned over to the manage-
ment of the plant. It is being out-
fitted with the latest conveniences
and with modern sanitary appli-
ances. It is the purpose of the ship-
yard management to serve its em-
ployees with a 5-cent meal that
is to say a meal which would cost
75 cents elsewhere, for the very
modest price of 50 cents. Sid-
ney Hoedemaker, formerly assistant
manager of the Palace Hotel in San
Francisco, has been engaged as
manager of the restaurant.

In some respects it will be op-
erated on the cafeteria plan. The men,
when entering, will purchase a meal
coupon for 30 cents, which they will
surrender as they pass into the
dining section, where knives,
forks, spoons and dishes are fur-
nished them. They then pass to the
steering table where they are
served. The food is prepared and
supplied with food in the same man-
ner as are the patrons of a cater-
teria. The tables in the dining sec-
tion will seat twenty men each. It
is planned to serve 400 men a day
a hot meal in forty minutes. Some
idea of the magnitude of this propo-
sition may be gained when it is
stated that the present inade-
quate arrangements at the plant
5000 sandwiches, 100 gallons of ice
cream and 2000 pints of milk are
served to employees daily.

The trial trip of the Yamhill, the
9400-ton freighter recently com-
pleted at the plant of the Moore
Shipbuilding Company, will be made
next Sunday. A trip to the Faral-
lones and return under the super-
vision of J. A. Moore of the execu-
tive staff is scheduled. Immediately
following the test the vessel will be
turned over to the United States
shipping board.

Two world's records in operations
connected with wood shipbuilding
are claimed by the Grant Smith
Porter Ship Company of Portland,
Ore. The first record claimed is
the enclosing a Ferris type hull in
ten days. The other record is
the placing of 16 frames of a
Ferris type by a single crew in one
day. It is claimed this performance
breaks all records for forming.

A floating restaurant, which will
serve approximately 1500 men at a
time is to be constructed by the
Northwest Steel Company, accord-
ing to information reaching local
shipbuilding circles today. The
"floating" feature was embodied in
the plan by reason of the limited
area of the shipyard. This novel
cave is to be moored off one of the
shipways and be reached by a float-
ing walk. Its equipment will in-
clude every modern convenience for
quick and efficient service.

Porterville Woman Fined; Men Held

PORTERVILLE, Oct. 11.—Mrs.
Jane Olivas, who came here recently
from Southern California, was fined
\$50 following her appearance in Jus-
tice Court, where she pleaded guilty
to a charge in violation of the State
law relating to disorderly houses.
Mrs. Olivas was arrested in her
home on South B street. V. Sedilla,
employed in the place, and in whose
room the officers found a quantity
of beer, was held in bonds of \$500
for trial on a charge of violating the
liquor laws.

"The Spanish Flu" —and the Ounce of Prevention

The epidemic of "Spanish Influenza," "Three-Day Fever," or "The Flu," is rapidly spreading
over the country, and Health Officers, both civil and military, are making every effort to stop its
spread.

A recent U. S. Public Health Service Bulletin describes the malady as follows:

"The disease now occurring in this country and called 'Spanish Influenza' resembles a very
contagious kind of 'cold' accompanied by fever, pains in the head, eyes, ears, back, or other part
of the body, and a feeling of severe sickness. In most of the cases the symptoms disappear after
three or four days, the patient then rapidly recovering; some of the patients, however, develop
pneumonia, or inflammation of the ear, or meningitis."

If you have the slightest suspicion that you are afflicted

Consult Your Doctor at Once!

Be guided entirely by his advice. It is not the function of The Owl Drug Stores to prescribe a remedy.

Mouth, Throat and Nasal Cleanliness Essential as a Preventive Measure

In discussing the spread of the malady, the Government Bulletin says:

"No matter what particular kind of germ causes the epidemic, it is now believed that influenza
is always spread from person to person, the germs being carried with the air along with the very
small droplets of mucus expelled by coughing or sneezing, forceful talking, and the like, by one
who already has the germs of the disease. They may also be carried about in the air in the form
of dust coming from dried mucus, from coughing and sneezing, or from careless people who spit on
the floor and on the sidewalk. As in most other catching diseases, a person who has only a mild
attack of the disease himself may give a very severe attack to others."

Frequent use of throat gargles, mouth washes, and nasal sprays is advisable as a guard against the
conditions mentioned above. In The Owl Drug Stores you will find the necessary preparations and
atomizers.

**Sends Helmet and
Letter From France**

Charles Demartino, of 766 Sixteenth street, Oakland, has again sent word from the battlefield to his local friends. His last letter, just received by Angel Pavati, a friend and former neighbor, is accompanied by a steel helmet captured from a Hun soldier. Demartino got his trophy in the recent fighting in the St. Mihiel salient near Verdun, when he went over the top after the enemy. He was wounded later in the right arm. This is the second battle in which Demartino has been wounded. In the fighting in the Marne sector he was carrying a wounded non-commissioned officer from the field when he was shot through the leg. But he writes he is not incapacitated yet and will soon have another chance at the boche.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You
Have Been Eating Too
Much Meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them like you relieve your bowels; remove all the body's uric waste, else you have backache, sick headache, dizzy spells, your stomach sours, tongue is coated, and when the weather is bad you have rheumatism twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Advertisement.

To Make Strong

Red-Blooded People Out of Those Nervous, Weak, Run-Down.

If your blood is impure and lacking in iron, if your face is broken out and pale, if your nerves are worn and weak, if your liver is torpid and bowels are constipated, you need Hood's Sarsaparilla, Peppermint, a real iron tonic, and Hood's Pills, the favorite family cathartic.

These successful medicines, taken in conjunction, are especially useful where there are blemishes, sores, eruptions, paleness and nervousness. In cases where a laxative is needed, nothing is more thorough and gentle than Hood's Pills.

Get one, two, or all three of these medicines today. All druggists.—Advertisement—

Mary Pickford Bond Pictures Are Shown

Mary Pickford is gone, but the purpose for which she came to Oakland remains fresh in memory and the impetus she gave to patriotism is reflected in the dollars that continue to roll in for Liberty Bonds.

That Mary Pickford might be retained in the flesh to give daily impetus to the great bond drive was impossible because of the same demand for her presence elsewhere; but Mary Pickford in pictures, as she appeared that day, are available and will be shown by the Liberty Bond committee at the Oakland T. & D. theater today and tomorrow that the famous screen star's appeal might be visualized and made immortal.

COLD BROUGHT ON RHEUMATISM

Pain is the symptom of rheumatism that every victim recognizes but the physician appreciates that this blood is a marked characteristic of the disease. Trying to cure rheumatism while the blood remains thin and weak is an almost impossible task because there is nothing to build on.

Mr. Harry L. Seaver of 69 Union street, Lynn, Mass., a carpenter, was subject to rheumatic attacks, and his experience will interest others who suffer in that way. Mr. Seaver says: "I had rheumatism off and on for twenty years. My work at one time kept me out in all kinds of weather and dampness and exposure caused my affliction. I had dull aching pains in the left shoulder and in the right knee. They were so severe at times that they made it impossible for me to rest at night. I suffered with headache, had dizzy spells and was nervous. My stomach was out of order. I learned of a person who had used Dr. Williams' Pink Pills as a treatment for rheumatism, and this decided me to try them. They helped me and relieved me of pain. I have never failed in my case and I have recommended them to many others."

In no disease does the blood show more altering and thinning than in rheumatism. No permanent relief is possible until the blood is restored and the rheumatic poisons are cast out.

You can get Dr. Williams' Pink Pills at the nearest drug store wherever you may live, or they will be sent by mail, postpaid, upon receipt of price, fifty cents per box, six boxes for two dollars and a half by the Dr. Williams Medicine Co., Schenectady, N. Y. Send for the free pamphlet "Building Up the Blood."

BERKELEY TO JOIN ALAMEDA WATER FIGHT

TRIBUNE BUREAU
2511 SHATTUCK AVE.
BERKELEY, Oct. 11.—Co-operation of the city of Berkeley in acquiring a municipal water distributing system was promised Alameda this morning by the city council following the appearance of City Attorney A. J. St. Sure of the former city with a plea for Berkeley's help in improving present water conditions.

St. Sure, in speaking before the council, declared that Alameda was ready to proceed to bring condemnation proceedings to acquire a municipal distributing system and stated that the corporation of Berkeley was desirous of joining in improving present water conditions.

Mayor Samuel C. Irving, in behalf of the Berkeley council, pledged the college city's support in any action seeking to acquire a municipal system. According to Councilman C. E. Boynton, who introduced resolutions at a meeting of the council several weeks ago calling for condemnation proceedings to acquire the water distributing system, the city had delayed action merely to collect additional data. The council was in hearty accord with the plan as advanced by Alameda.

"Water bills be voted now taxpayers would not pay as much for their water service as they are now doing," declared St. Sure, addressing the council. "Water bills at present represent eight per cent interest on money invested, while bonds would not be over five."

According to St. Sure, it was not the intention of Alameda to acquire a source of water supply at present, but in the event a distributing system was secured water could be purchased from the present Eastbay Water Company or from other existing sources. Were present sources of supply to fail, he declared, the city could then make arrangements to supply its own water.

A conference between the Alameda and Berkeley officials will be held in the immediate future to determine a plan of action for the two cities.

Some sixty complaints of excess meter charges are today in the hands of H. D. Marx Greene, special city council, following disclosures by Greene that more than one charge for service was being made at houses where several families were being supplied with water with the same meter. Twenty of these cases represent persons who have paid their bills and suit in the matter, but their money will be started shortly by Greene. The remaining forty have paid their bills to the railroad commission under protest.

POLICE READY TO QUIT JOBS AT BERKELEY

BERKELEY, Oct. 11.—Berkeley's entire police force, excepting Chief Vollmer, has prepared resignations that will be presented unless the city council grants the request for a raise in wages. Chief Vollmer was in conference with the council today but the question was not decided and will come up the first of the week, at which time it is expected that the council will give a definite reply.

At present the policemen receive \$110 a month and they are demanding \$125. It is contended that they cannot defray the necessary expenses of living with the present wage. Chief Vollmer is known to be in favor of the men being granted the increase. It is understood that all of the men will insist on their resignations being accepted if the raise is not forthcoming.

WORK ON TRIBUNE CONTEST; EARN ONE HUNDRED DOLLARS

Study Ad Problems, Use Your Skill and Knowledge of City Firms and Win Prize

TWO HUNDRED AND FIFTY DOLLARS in cash will be paid by THE TRIBUNE for the correct answers to the most nearly correct answers to the ad problems in its great Skill and Knowledge Contest which was announced last Wednesday on page six of this paper. You can win this money, but not by mere guessing. You must get to work and either visit the firms referred to in the questions or telephone to them.

Anyone can answer the questions asked. They contain no twists, jokes or subtleties. They are plain, lucid questions, calling for plain, lucid answers. Every number refers to a well-known firm in this city, and you have only to read the questions carefully. There is no misstatement in them and no misleading information.

Every one of the firms represented in this contest has given instructions to its employees to answer truthfully and correctly all questions asked of them regarding this contest. The information is yours for the asking, and if you do not get it the fault is yours. You can't get it accurately, however, by guessing at it; the only certain way of completing your list of correct answers is to call on the firms in person or by telephone.

INVESTIGATE CAREFULLY.

Take plenty of time to investigate the questions carefully and to compile your answers accurately. Awards will not be based on the time answers are received. Correctness and not time is the element involved in this contest. You have until Tuesday, October 15, at 5 p. m., to file your answers with the Skill and Knowledge Contest editor.

An answer to one, or ten, or fifty questions is not sufficient. All questions must be answered, and the person who answers with the greatest degree of accuracy will win, not in the order of time answers are received, but in the order of correctness. Neatness and legibility of answers will be considered in the case of a tie between two or more contestants.

You should begin your answer with No. 1, numbering it "One," and under that designation answer the succeeding questions in the order under which you have completed the list of 51 numbers.

USE SYSTEM.

The TRIBUNE advises you to follow a systematic course in collecting this information. You will doubtless find several numbers containing questions which you may readily "guess" you can answer correctly. Your "guess" may cost you \$100. Every firm has a fixed name, and the omission of "The" or "Inc." or "Co." may cause your answer to be rejected as incorrect.

Therefore, although you may feel reasonably certain that you know the name of the firm, call the firm on the telephone and make absolutely certain that you get the name correct. The same advice applies to locations, trademarks, articles, etc., as some firms prefer to have their addresses known by the number of street and others by the location at the junction of two or more streets.

If the number relates to a cloak and suit house, call up the firm you "suspect" on the telephone and get its full name, correct location and any other questions that may be asked regarding it. Follow this advice and you can win \$100.

Civilians Invited to Training Camp
Civilians who were over 18 and under 25 years of age on Registration Day, September 12, possessed of a high school education or its equivalent may apply for admission to a central officers' training school for infantry, field artillery, machine guns or coast artillery, according to the official orders issued by Major E. H. Pearce, the officer in charge of the officers' training schools. The exception to the general rule is that civilians in deferred classification on account of industry, employment or occupation including agriculture will not be considered.

The procedure includes filling out an application blank, passing the physical test and personal examination by a proper examining officer. Information relating to officers' training schools and to opportunities for commissions in the quartermaster and engineer corps of the army may be obtained from the officer in charge of the headquarters, Western Division, fifth floor, Santa Fe building, San Francisco, or from the army officers on duty at the University of Santa Clara and Mount Tamalpais Military Academy.

Officials to Attend Col. O'Brien Funeral
Funeral services for Colonel William H. O'Brien, deputy city attorney for twelve years, will be held at St. Paul's Episcopal church tomorrow morning at 11:30. The body will be cremated. The honorary pallbearers will be Mayor John L. Davis, Commissioners Fred F. Morse, W. H. Edwards, Frederick Soderberg and Dr. F. F. Jackson, City Attorney H. L. Hagan and City Auditor I. H. Clay.

COURT BARS J. J. JEROME FROM TICKET
Four members of the Alameda county Superior Court sitting en banc yesterday afternoon denied the application for a writ of mandate directing County Clerk George E. Gross to certify the name of James J. Jerome to the Secretary of State to be printed on the November ballot as a candidate for Superior Judge.

\$100 TAKEN FROM PURSE.
As the result of having laid her purse on the seat of a Key Route train yesterday afternoon on her way to San Francisco, Mrs. J. E. Brooks, 338 Twenty-first street, Oakland, reported to the police the theft of \$50 in coin and a \$50 Liberty bond.

Try This If You Have Dandruff
There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night, when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluff, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a Moist Cloth Through
Hair and Double Its Beauty
at Once

Save Your Hair! Dandruff
Disappears and Hair Stops
Coming Out

Immediate?—Yes! Certain?—
that's the joy of it. Your hair be-
comes light, wavy, fluffy, abundant
and appears as soft, lustrous, and
beautiful as a young girl's after an
application of Danderine. Also try
this—moisten a cloth with a little
Danderine and carefully draw it
through your hair, taking one small
strand at a time. This will cleanse
the hair of dust, dirt or excessive
oil, and in just a few moments you
have doubled the beauty of your
hair. A delightful surprise awaits
those whose hair has been neglected
or is scraggy, faded, dry, brittle or
thin. Besides beautifying the hair,
Danderine dissolves every particle
of dandruff, cleanses, purifies and
invigorates the scalp, forever stop-
ping itching and falling hair, but
what will please you most will be
after a few weeks use when you see
new hair—fine and downy at
first—growing all over the scalp.
Danderine is to the hair what
fresh showers of rain and sunshine
are to vegetation. It goes right to
the roots, invigorates and strength-
ens them. Its exhilarating, stimu-
lating and life-producing properties
cause the hair to grow long, strong
and beautiful.
You can surely have pretty,
charming, lustrous hair, and lots of
it, if you will spend a few cents for
a bottle of Knowlton's Danderine
from any drug store or toilet coun-
ter, and try it as directed.—Adver-
tisement.

Sewing Circle With Much Whispering

We Are All Greatly Indebted to Those
Who Tell Their Experiences.

Before the arrival of the stork there is
much to talk about. The comfort of
the expectant mother is the chief topic,
and there is much whispering of what
has been used or known of that splendid
external help—Mother's Friend.
Nausea, nervousness, heart-aching
and stretching pains and other sym-
ptoms so familiar to many women are
among the dreaded experiences thou-
sands of mothers say they entirely es-
caped by the use of this famous remedy.
It is the influence on the fine network
of nerves and ligaments just beneath the
skin is nature's gift.
By the regular use of Mother's Friend
during the period the muscles are made
and kept in such a relaxed state that
they expand easily, without strain, when baby is
born and the pain and danger at the
crisis is naturally lessened.
Mother's Friend is for external use
only, is sold by all druggists, and should
be used with the utmost regularity.
Write to the Brandeis Regulator Co.,
P. O. Box 100, Atlanta, Ga., for a
sample and literature. There is a wealth of instruction
and comfort to be derived in reading
this little book. It is plainly written
and will be a splendid little text book
for guidance, not to mention yourself but
will make you helpful to others and
in the meantime do not fail to get a
bottle of Mother's Friend from the drug
store, and thus fortify yourself against
pain and discomfort.—Advertisement.

CATARRH

Quickly Ending by a Pleasant, Germ-
Killing Antiseptic.
The little Hyomel Inhaler is made of
hard rubber and can easily be carried in
pocket or purse. It will last a lifetime.
Into this Inhaler you pour a few drops
of magical Hyomel.
This is absorbed by the antiseptic
gauze within and now you are ready to
breathe. It kills the germ-infested
membrane where it will speedily begin
its work of killing catarrhal germs.
Hyomel is made of Acetanilide and eucalypti
combined with other antiseptics and is
very pleasant to breathe.
It is guaranteed to banish catarrh,
bronchitis, sore throat, croup, coughs
and colds or money back. It cleans out
a stuffed up nose in ten minutes.
Sold by The Owl Drug Co., and drug-
gists everywhere.
Complete outfit including Inhaler and
one bottle of Hyomel, costing but little,
while extra bottles, if afterward needed,
may be obtained of any druggist.—Ad-
vertisement.

IMMIGRATION TO CHINESE IS CHARGED

Charging that Chinese merchants at-
tempting to enter this country through
the immigration station at Angel Island
are being cruelly mistreated, subjected
to abuse and held in unwarranted de-
tention for periods of six months or
more, in addition to causing a loss of
export trade from China to the cities of
the San Francisco Bay region totaling
\$50,000,000 a year, the Chinese Elk Com-
panies has appealed, through Attorney
John L. McNab, to President Wilson
asking the appointment of a committee
outside of the personnel of the Depart-
ment of Immigration to make a thor-
ough investigation.

"We have no complaint to make
against the local commissioners, Edward
White, chief assistant, John Wilkinson,
chief assistant, and John McNab today. Our
charges are directed at the commis-
sioner general of immigration, Anthony
Caminetti, and his immediate assistants.
The present intolerable conditions are
due primarily to the action taken by
the San Francisco Chamber of Com-
merce, which appointed a committee,
headed by E. Clements Horst, to make
an investigation of Angel Island 2 years
ago. This committee made a scorching
report to the President, but as it was
without authority, bureaucratic domina-
tion succeeded in having the matter
whitewashed and the department re-
quested the Republic of China to re-
move Consul General Chew for what it
termed 'his unwarranted interference.'"

GET HIS REMOVAL.
"They succeeded in having Chew re-
moved to Mexico and since then the
immigration inspectors here, when they
desired to favor favor with the higher-
ups in Washington, made it their usual
practice to take an incoming Chinese
merchant to the chief of the American
consulate, and throw him into detention
and report that this was necessary
while his application for admission was
being investigated. As these men in-
variably have their papers in perfect
order, no case should take more than
two or three weeks. Instead of that
they are held for months. There is
\$50,000,000 annually going through the
Suez canal to England, which could
come to the San Francisco Bay cities if
it were not for this cruelty and in-
justice on the part of the inspectors."

The telegram sent to President Wil-
son in part follows:
"The Chinese people, gathered in
mass meeting, celebration of the birth
of the Chinese republic, make to you
this appeal.
"Chief bureaucratic inspectors arrest
our people without warrants, violate
the privacy of their homes and throw
them into jail without commitment. In a
land that should be at peace within itself,
open war is made upon the free and
civilized system of immigration inspectors
and we are defenseless, except in the
courts, which have interfered repeat-
edly to condemn the wrong to which
we are subjected."
"At Angel Island immigration station
over one hundred of our people have
been held for over two months cooped
up in a crowded and filthy cell, de-
stined for a week, but have been held
for over three months, until in sheer loneli-
ness he succumbed to illness and died
September 21. His father is a soldier,
serving with the United States army
in Germany. Nothing which we
have set forth is a criticism of the Sec-
retary of Labor, Commissioner White
or his assistant, Mr. Wilkinson, of San
Francisco, but we appeal against a sys-
tem created by a group of inspectors
under the friendly inspiration of certain
members of the Bureau of Immigration
of high official standing, who would
drive us all from the country."

'SPY BY BLACKMAIL' PLOT CONFESSED

SAN FRANCISCO, Oct. 11.—Arrested
on a charge of attempted blackmail,
Ernest T. Maass, an enemy alien, resid-
ing at 701 Howard street, has confessed his
plot to defraud the United States by
notified him no profit. Maass admitted
that he hoped to secure money by
writing letters to people of German
names, representing himself as a mem-
ber of the "Society for the Investigation
of German Espionage System," and
offering to secure them immunity from
prosecution if they would send pay.
The demand was made by letters, and
the names selected at random from the
city directory. The persons written to
were accused of having made statements
to a reporter stock shortage of planes
contained a threat that unless money
was contributed to the society the in-
formation would be conveyed to the
Government.
When he was arrested Maass admitted
that the scheme was far-fetched and
criminal, but said he thought "it would
get by."
Maass' arrest was accomplished by
Postoffice Inspectors S. H. Morse and
George H. Austin, who had been watch-
ing him for weeks. He was ar-
rested before the United States Com-
missioner Francis Krull, who fixed his bail
at \$5000, after scoring him severely for
his "Prussian system." He is registered
as a German, but was unable to produce
his card.

Brillhart Buys Up Stock of Eilers

Howard E. Brillhart, 531 Thirteenth
street, this city, was the successful
bidder for the stock of pianos and
players which were in the possession
of the Eilers estate. The majority
of this city, at the time the affairs of
the concern passed to the hands of the
receiver.
The Oakland stock was sold Tuesday
by the referee in bankruptcy. With
the exception of one lot of square
pianos and several instruments of for-
eign make, the entire stock of Eilers
was bid by Brillhart.
The sale was attended by rival piano
merchants from the bay cities, Los
Angeles and San Diego, Cal. Owing
to the large number of instruments
and players in the eastern markets, the
bidding was lively and of short dur-
ation.
Instruments taken over by Brillhart
included Kimball, Chickering, Decker
& Sons, Lester, also Bungalow styles
in Kimball and Eilers makes. Art
style pianos, Kimball, Lester and
player pianos and Columbia, Victor,
Stradivarius and Lyric phonographs.

FRIDAY, OCTOBER 11, 1918.

THE CHIEF BUSINESS.

The TRIBUNE yesterday referred to the present propaganda efforts of the enemy to cause a lessening of the military pressure on the Franco-Belgian battle fronts. Four instances, in addition to the alleged peace overtures of Chancellor Prince Max, of the activity of the German propaganda bureau were recounted.

As was predicted, other dishonest enemy efforts have been made. The stories of a rumor that the kaiser had abdicated, that Ludendorff had resigned from the army, and that great "unrest" and popular disturbances are to be noted within the central powers are among the latest. These reports are valuable as showing what Germany is doing in an attempt to fool all peoples and as demonstrating that the political arm of the Prussian military machine is working as smoothly as usual, though with not more intelligence.

Agents of the enemy propaganda bureau in this country are active. Reports have been made of anonymous calls over the telephone telling housewives that the Germans had quit fighting and retired from France and Belgium and that the allies were withholding the news. Anonymous complaints have been made to The TRIBUNE against the failure of this paper to "play up" the rumor of Von Hindenburg's resignation.

All these attempts are calculated to interfere with the Fourth Liberty Loan. They represent warfare of the German kaiser against the people of the United States in their homes on American soil.

In the face of this challenge from Berlin and in the face of enemy propagandists trying to interfere with America's war effort, there is but one thing for loyal Americans to do. They must answer with positive action. The people of Oakland have a duty to perform. They will have to subscribe for \$7,000,000 worth of Fourth Liberty Loan Bonds within the next eight days, in addition to those purchased up to date. Otherwise they will have been guilty of quitting in the face of the enemy.

The success of this Liberty Loan is the most important thing in the United States. It is the biggest, the most vital and most pressing duty and business of Oakland. Those who neglect it will be known for their neglect.

THE MAYOR SHOULD ACT.

Mayor Davie reiterated yesterday in a letter to his fellow members of the city council charges that vice is prevalent in Oakland, that soldiers are being debauched and "thousands of dollars" are being thrown to "jostery and prostitution kings."

But Mayor Davie has presented no evidence of such condition to the proper authorities, in order that those conditions may be corrected. Neither have the commissioner of public health and safety and the chief of police presented any evidence in support of the sensational conspiracy charges uttered several days ago.

District Attorney Deeto stated yesterday that no evidence that Chinese lotteries and vice are rampant in Oakland has been filed with his office by Mayor Davie or any other city official, that no evidence of graft on the part of any city commissioner or city official has been placed in his hands.

The TRIBUNE is not interested in the petty political squabbles of the city administration. Whether one faction or another is in control at the city hall does not concern it; as before stated, there is little choice between factions.

But The TRIBUNE is interested in protecting the fair name and the public interest of Oakland from unbecoming and gratuitous slander.

Unrestrained or protected vice in a city is harmful. No honest and efficient administration will tolerate it.

To place the evidence of violations of the law before the proper authorities and to insist upon the relentless application of the laws until all vice is eradicated would reflect high credit upon the city and its government. But to bandy and exploit charges in council chamber and in open letter that vice is rampant, without doing anything to bring the violators of the laws and ordinances to punishment, is to uselessly harm the city and harass the minds of the people who at this time have very vital business in hand.

The general opinion of the man in the street is

that the exploitation of scandal in the city council is for the purpose, on one side, of effecting the transfer of a commissioner from one department to another, and on the other side to forestall such transfer.

Mayor Davie can immediately prove by deeds that this impression is wrong; he can present evidence on which to start court proceedings. All the other city commissioners and officials who have made accusation of serious crime may follow the mayor's example.

The next step in this matter is up to the mayor. He is expected to place the evidence of the conditions he alleges exist before the district attorney. In this appropriate official act he will have the hearty support of every citizen of Oakland endowed with the least trace of civic consciousness. The Chamber of Commerce and all other business and civic organizations will stoutly second the mayor's effort.

The TRIBUNE will lend every possible assistance. If the mayor presents to the proper authorities evidence of the conditions he describes, this newspaper will start and conduct a popular subscription to meet any inadequacy of public funds for making Oakland a clean city, for keeping it clean and for punishing public officials who have been neglectful of their duty. The TRIBUNE's cooperation with the mayor's efforts in this matter will be unequalled and will endure to the very end if he will act.

It is time to act. There has been enough of talking. The district attorney has not received from the city commissioners or any other city official any evidence of vice or official grafting.

A TIGHT POSITION.

Of the three questions which President Wilson asked Prince Maximilian, the German chancellor, in order to ascertain whether the latter's peace request was honest, the one which is apt to be most painful in answering is, "Do you speak merely for those constituted authorities who have been charged with the conduct of the war?" To be truthful, Prince Max must say that this is all he does. Yet to make such an answer means certain failure for his efforts.

However, the record shows that perversion of the truth is no more difficult for Maximilian of Baden than it is for any other German statesman. In politics he is classed as a moderate and belonging to the political group led by Dr. Delbrück. This is the same Delbrück whose name has been given to the law permitting German citizens to swear allegiance to a foreign government without forfeiting native citizenship so long as for political reasons of the "fatherland" the oath of foreign allegiance was falsely made. The code of Delbrück is the same as of the kaiser, the crown prince and the other Pan-Germans.

Prince Max has given specific examples of his adherence to type. In December, 1917, eight months after we had entered the war, he said in an address in the upper chamber in Baden:

"The democratic legend of our opponents has proved itself a colossal lie. . . . The American people do not believe the war must be continued in behalf of the ideal set up by Wilson."

It is barely possible that on this point Prince Max may have been ignorant, but probably he was consciously disregarding of the facts. On one statement, however, there can be no doubt. "President Wilson has no right to speak in the name of democracy or peace," he said; "for he was the mighty war ally of Russian czarism."

In this statement he ignored the fact that President Wilson did not request a declaration of war until a month after the democratic revolution in Russia and the abdication of Czar Nicholas. These phrases were uttered before the betrayal of the Russians at Brest-Litovsk, but while that crime was being hatched in Germany.

With the past so well known, it will be difficult for Prince Max to misrepresent the situation. He may not know it, but it will do no good to utter further lies.

Aside from the personal record and qualities of Prince Max, however, is the effort he represents. Germany, unrepentant and unreformed, has assumed for the hour's convenience, the role of a panderer. Made without qualification, this statement would do great injustice to that ancient Pandar who gave Cressida to Troilus.

And still she cannot do this honestly, or even plausibly. She tells the world that her constitution has been revised and the most autocratic government in the world democratized overnight. A great process of human development, which required England several centuries, France several decades and America several years, to achieve is in Berlin only a passing diversion! The story is given out officially to adversaries who know beyond any doubt that it is false. Now the German prime minister must answer yes or no to a question from the President of the United States as to whether this alleged miracle has really happened.

Prince Max is apt to answer "yes." The present political maneuvers of Berlin are being executed in accordance with the chapter of the military manual of the German army grand staff on "How to End an Abortive War With Minimum Loss," "How to Attack the Enemy With Fictitious Peace Overtures."

Whether President Wilson has been immediately definite or not there has been enough doing on the western front to inform the imperial German government how this country and its allies feel about its peace approach.

Chancellor Maximilian's position is readily assessable, but it might be in order to post a sign similar to that which was hung in the frontier. "Don't shoot the pianist; he is doing as well as he knows how!"

NOTES and COMMENT

Something new to think of. Boot-blacks have been declared non-essential by Seattle authorities. If the idea spreads a boot-blacking kit will share consideration with the safety-race belt. The fact that boot-blacks are placed in the category with brokers in this connection might under other conditions provoke a smile, but not under these.

The Huns did not all get away from Cambodia, as would appear from the report that 8000 were captured when the city was taken, but they seem to have been quite successful in setting it afire. And the reward the 8000 get is to be fed and treated more humanely than the most of them ever were before. How would it have been with conditions reversed?

Elaborate safe-blowing within a stone's throw of the city hall didn't seem to interrupt the jam of city officials therein. Police control is one of the contentions.

At the very time that a nation is prating of an honorable peace it is conducting a most barbarous warfare. In needlessly devastating a country which it is compelled to evacuate. Just ordinary sense would suggest that its chances for any peace arrangement are prejudiced by such savage stupidity.

Affairs seem to improve for the Russians just as they seem to get more serious for the Prussians. The latter have so much to do in looking out for themselves that they haven't time to promote devilry in the great neighboring country.

Whether President Wilson has been immediately definite or not there has been enough doing on the western front to inform the imperial German government how this country and its allies feel about its peace approach.

Chancellor Maximilian's position is readily assessable, but it might be in order to post a sign similar to that which was hung in the frontier. "Don't shoot the pianist; he is doing as well as he knows how!"

The idea of holding some of the junker leaders most responsible for this world orgy of rapine and destruction for trial in a practical gallows in full view, is growing. Comment upon it is frequently offered in prints of importance. It is being realized that eternal justice will not wait for the peace unless something drastic is done to those who are blameable.

State's prison jute workers go on strike. I. W. W. get in their work where it was not looked for, but where such propagandists abound in force. Ought to be able to record the situation, with the hose and other inducements available.

Holland is offering its services as mediator between the allies and the Central powers. Holland's intentions are all right, but this is not a case where mediation is the most apt thing. It is a matter of the Hun giving in and taking his medicine.

We must acknowledge the services of the great artists who so effectively and effectively lend their efforts in the loan drive. Not only do they urge by precept, but they set the pace by example. All of them subscribe liberally.

We do not always seem to be remembering a little man who is making a world record. Lloyd George has been on the job ever since the war began—the biggest job that was ever cut out for any man—and he there yet, going strong. The physical and political stamina that has been demonstrated in his case will excite the marvel of the historian who comes to do the summing up.

SPRIT OF THE STATE PRESS

Somebody has accused farmers as a class of being apathetic in their support of the first and second Liberty loan drives. We do not know whether, but we do know that the farmers of Yolo county are going over the top on the Fourth Liberty loan. And that is not all. The sons of farmers comprise a large portion of the young Americans who are on the firing front in France. Woodland Democrat.

At the Thanksgiving table this year there is likely to be one vacant place. One familiar and beloved countenance will be missing—the cheerful, rubicund visage of the cranberry. When the picking season opened in a large district on Cape Cod only one picker appeared for work.—Chicago Enterprise.

The auditorium committee of the Board of Supervisors has been instructed by the board to devise a plan for the reorganization of the municipal orchestra. The former leader has been instructed to turn over to the public library trustees the music purchased or donated for the use of the orchestra while under his direction.—San Francisco Journal of Commerce.

Of much interest to the cotton grower is the news that Holtville will have an independent gin in operation within the next four weeks. R. W. Maxwell, representing a gin company at Merkle, Tex., is here making arrangements for electric power and taking care of the detail work necessary. The gin is one that has been operating in Texas and is of six stands. Permission to operate in its place with a man inside to signal information. But the boys got wise and it was all off with the gin in the "horse."—Cleveland Plaindealer.

THE UNION.

You that have gathered together the sons of all races,

Lifting the torch of your Freedom on hungering faces

That sailed to the setting sun;

You that have made of mankind in your own proud regions

The music of man to man,

How should the old earth sing of you, now, as your legions

Rise to set all men free?

How should the singer that knew the proud vision and loved it,

In the days when not all men knew,

Gaze, through his tears, on the light, now the world has approved it;

Or dream, when the dream comes true?

How should he sing when the Spirit of Freedom in thunder

Speaks, and the wine-press is red;

And the sea-winds are loud with the chains that are broken

And nations that rise from the dead?

Flag of the sky, proud flag of that wide communion,

That kingdom of God in man;

Ours was a dream, in the night, of that last federation,

But yours is the glory unfurled—The marshaled nations, and stars that shall make one nation—

One singing star of the world.

—Alfred Noyes in the October Yale Review.

S. P. Car Employees to Roll Up Big Total

According to a report filed with the Liberty Loan Committee today, the employees of the car department of the western division of the Southern Pacific Railroad have subscribed a total of \$7,350 for Liberty bonds of the fourth issue. This subscription was obtained at a meeting held in the local yards. A test pledge taken from the men at the time indicated that 75 per cent of those in attendance would increase their subscriptions so that the

present total would finally climb to \$115,000. This, it is explained, will be obtained by applying back pay due to men in accordance with the recent rule issued by the United Railroad Administration.

SEERS ORDERED TO GO.
BERKELEY, Oct. 11.—Gypsy fortune-tellers, clairvoyants and other delvers into the past and future, were today given thirty days in which to leave the city as the result of an ordinance passed by the city council on the recommendation of Chief of Police August Vollmer.

Estate Moneys Go to Buy U. S. Bonds

The Liberty Loan drive netted \$40,800 in the probate department of the superior court, when Judge Dudley Kinsell made orders allowing the investment of the funds of estates.

The estate of Annie A. Barton, through the Oakland Bank of Savings, invested \$20,000, and the estate of Emma B. Dunham invested \$20,000.

Your Autos Are Needed For These Soldiers' Mothers

Patriotic Citizen: The Woman's Liberty Loan Committee will have a torchlight parade Saturday evening, October 12th, at 7 o'clock, starting at Eleventh and Clay streets, lasting about forty-five minutes and ending at the civic auditorium.

We shall need at least two hundred automobiles to help us take care of the mothers of boys in France. This is the only division that will use machines.

We earnestly ask you to be there with your machine and take care of these mothers during this parade.

The committee will appreciate your assistance, so will the mothers of our dear boys.

The chairman in charge of this division of the parade will meet you at Eleventh and Clay and give you necessary instructions. Please be prompt.

ALAMEDA, FAR OVER TOP, TO HOIST ITS FLAG

Alameda not only has gone over the top in the fourth Liberty loan, but has exceeded its quota by \$45,450 and today has reached a total of \$1,005,800. The total number purchasing bonds is \$682, representing virtually every home in Alameda.

Tomorrow forenoon at 10:30 o'clock Alameda will celebrate the presentation of the honor flag to the city. The school children who so enthusiastically started the drive last two weeks ago, will open the program with the singing of "America," led by Miss Edith Mobley, director of music in the public schools. Presentation of the flag will be made by W. W. Garthwaite, Frank Otis, chairman of the Liberty loan committee of Alameda, will receive the emblem for the city. The honor flag will be raised to a position beneath the American flag which flies from the flag pole in front of the city hall. During the raising of the flag there will be community singing, led by the children with the "Star-Spangled Banner."

Oakland's total subscriptions as recorded yesterday by the committee were only \$345,500. To keep up its necessary average it should have subscribed nearly \$1,000,000. The following table shows the figures as they have been compiled by the committee:

District	Quota	Subscribed
Oakland	\$13,320,350	\$6,300,100
Berkeley	2,251,700	2,432,850
Alameda	900,150	1,005,800
Emeryville	86,250	83,050
Hayward	335,950	176,050
Livermore	238,700	212,300
Pittsburg	169,850	105,750
San Leandro	390,500	109,800
Washington Township	318,050	215,050
County total	\$18,191,500	\$10,791,550

FIELD ON CHECK CHARGE.
Harold L. Williams was held by Judge Mortimer Smith this morning, with bail fixed at \$2000, to appear before the Superior Court on a charge of attempting recently to pass a fictitious check on Kahn Bros. for \$17.95. The check, signed N. J. Gilchrist, was drawn on the First National Bank.

YARDS TO WORK ON LIBERTY DAY

Eastbay shipyards will work full time tomorrow (Liberty Day), insofar as labor conditions will permit. Orders to that effect were received by the management of the several plants today from the headquarters of the United States Shipping Board at Washington, and plans were at once made to carry out the instructions.

The members of the various unions affiliated with the shipbuilding industry will comply with the government's request that an eight-hour, straight time day be worked, with the exception of the local Boilermakers and Shipbuilders. The latter have served notice on the several plant managements that members will work a half-day only tomorrow, but that the four-hour morning shift will be worked at straight time. This, the leaders of the union say, is a compromise, as tomorrow being a legal holiday by edict of the President, the members of the union are entitled to double time for every hour they work.

The pressing need for more ships is the reason given by the Shipping Board for non-observance at shipyards of the holiday tomorrow.

Clay Blocks Fire Laddies' Raise

Rejection by City Auditor I. H. Clay of a claim for \$6600.68, representing increases in the monthly salary claims of members of the city fire department, brought a conflict between the auditor and the city council today which may be taken into the courts for final adjudication. The increase was granted as a war measure and was given under the guise of donation or gift to the firemen out of which they might purchase their uniforms. Fire Chief Elliott Whitehead said that when it became known that Clay was likely to reject the claims he had lost several of his best men, who had gone to work in war industries. The charter stipulates the compensation to be paid firemen and provides that "no compensation higher than that herein specified shall be paid."

MAN KILLED IN AUTO COLLISION

T. J. Wilcox, 6416 Lloyd avenue, died today in Fabiola Hospital as the result of an automobile accident at Forty-ninth and Broadway, at 9:30 this morning. A machine driven by Miss Hazel Thornton, 327 Highland avenue, Piedmont, struck a car driven by C. A. Aronson, 5505 McMillan street, and Wilcox, who was in the rear seat of Aronson's automobile, was thrown to the pavement and suffered a fracture of the skull. Aronson was driving north on Broadway at the time of the accident, and Miss Thornton, whose machine was immediately following, attempted to clear Aronson's car as he turned to the left, but too late to avoid the accident.

"SHE'S NO GIRL OF MINE"; SO SAYS SHERIFF

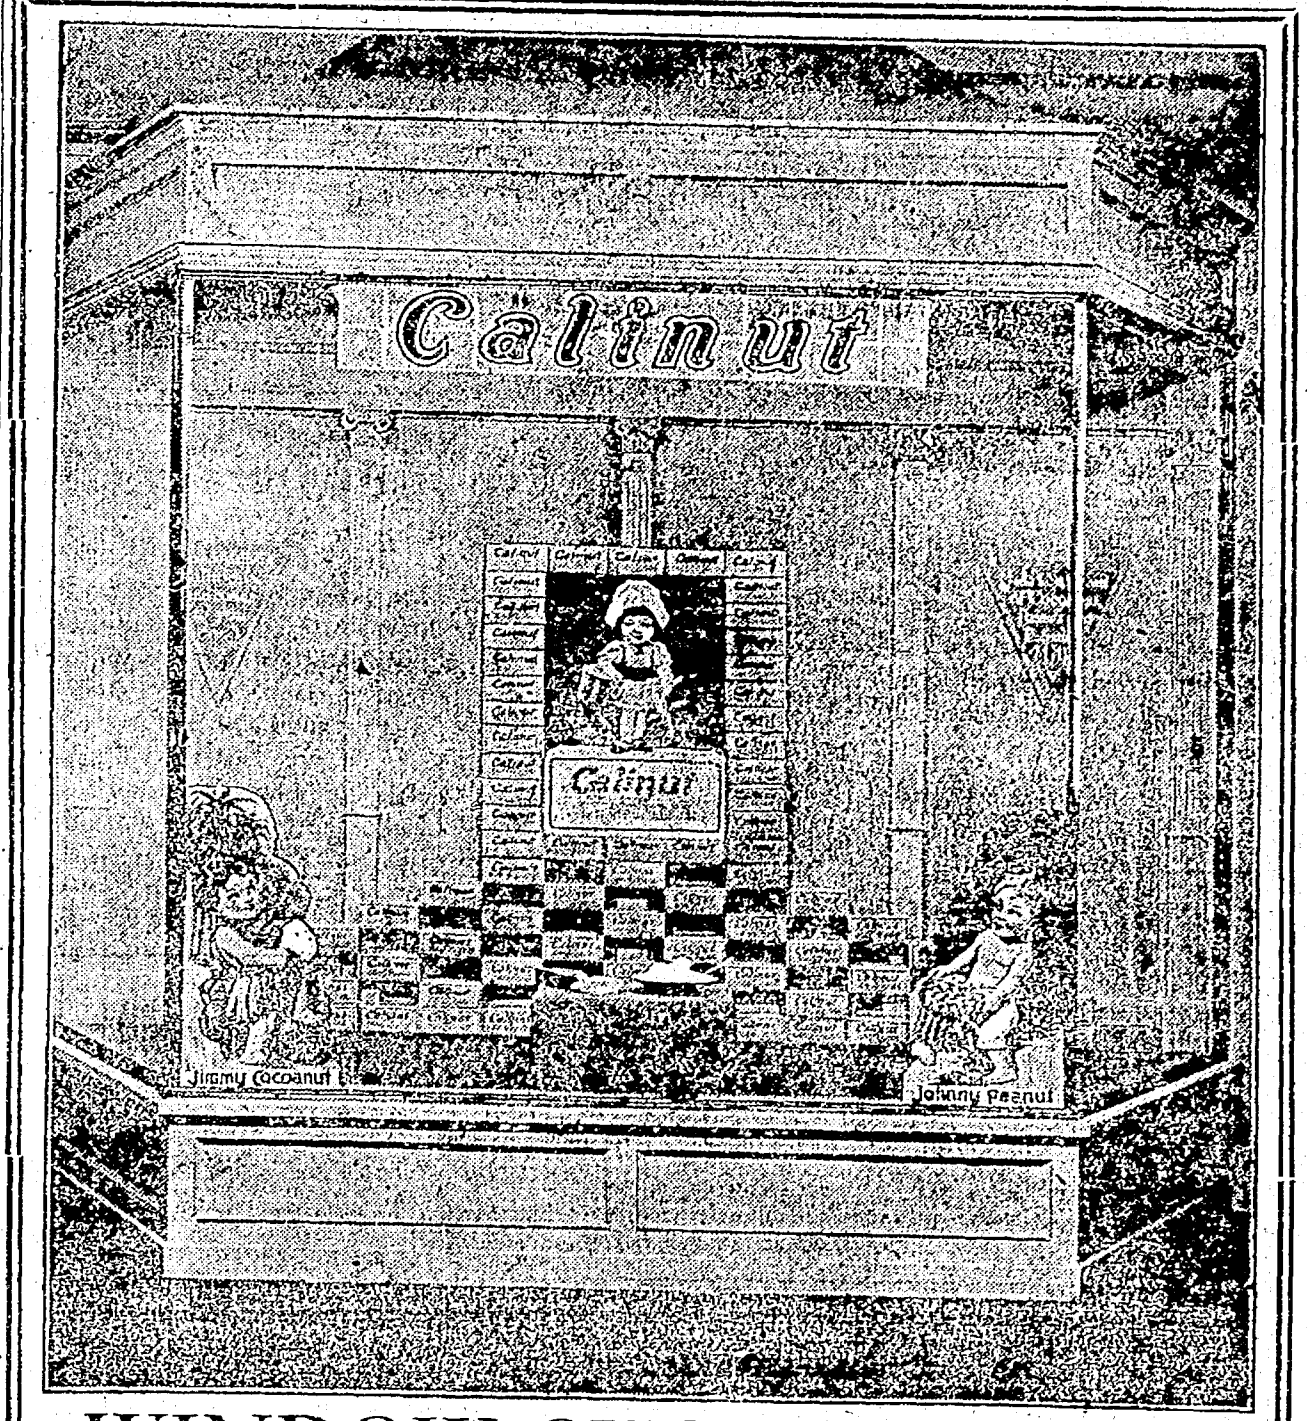

"The woman described as 19, petite and pretty, who, according to William P. Grove, a machinist, fitted with him, took him to a room, displayed a deputy sheriff's badge, and made him come through with \$7, is 'no girl of mine,'" said Sheriff Frank Barnett today. "She is evidently an impostor," the sheriff said, "but I would consider that any man who would part with his money under such circumstances has too much money anyway." There is no description of the woman, and the sheriff has been unable to locate Grove to ask him about it.

Millions of Housewives are Using

Swift's Premium Oleomargarine

It answers their every requirement. Has the delicious flavor—gives most energy value per pound—is healthful—nutritious—has the elements for growth that all children need—it saves 20 cents or more a pound. Is easy to get—it is the most widely distributed brand of oleomargarine.

It is sweet—pure—clean—not touched by hand in manufacture or packing.

They find it a most delightful spread for bread and fine for cooking and baking.

If you doubt, a trial carton will convince you.

KNIFE FIGHT ENDS CHASE IN NIGHTIES

Two brothers and a sister engaged in a wild footrace through the streets, one of them in night attire, and ended the chase in a stabbing affray in which one of the brothers received four knife wounds resulting in his being taken to the Receiving Hospital, while the other was arrested, and held pending the filing of a charge of assault with a deadly weapon.

John Milne, 77½ Twenty-second street, was the brother who was wounded. He received four cuts, one in the right shoulder, one in the forearm, one under the left arm and one in the back. All the wounds were lacerated, the knife used being short-bladed, but used with maximum efficiency.

According to John Milne, his brother, Albert Milne, came home about 1 o'clock this morning, intoxicated, and got into an argument with his sister. His words led to blows, and Albert Milne is alleged to have chased his sister out of the house and down the street. John heard her screams, arose from his bed, and in his nightshirt, started hot-foot in pursuit.

Brother chased sister and brother pursued brother down Twenty-second street. John, having few clothes to impede his progress, finally overtook Albert, and attempted to reason with him. His attempts to persuade Albert to give up the plan of visiting summary vengeance upon their sister were futile, and while the sister stood screaming on the street, the two brothers fought an unequal duel, in which one used a knife while the other was at the disadvantage of having even the thickness of a suit of clothes to come between him and the blade.

Patrolman Burbank arrived in time to interrupt the fray, and place Albert Milne under arrest. John was treated at the Emergency Hospital, his wounds bound up, and he was sent home.

S.S. San Gabriel Believed Lost Score of Crew Perish in Hurricane

Unless the gulf mail steamer San Gabriel is drifting somewhere in the Pacific unable to direct her course, shipping men are convinced that she was lost in the terrific winds that swept the coast of Mexico recently, and that the crew of twenty men have made their last cruise. The owners and the company carrying the insurance are convinced that the steamer was lost.

The San Gabriel was built in Alameda in 1902 by the United Engineering Works. She is 153 feet in length, 32½ feet beam and would carry 1100 tons.

Roger Allman, commander of the missing ship, was born in San Francisco. He attracted attention to himself a number of years ago as commander of the City of Panama. His ship was struck and crippled by a tidal wave, which put the wireless out of commission. The youthful operator could do nothing. Captain Allman took the wireless books, looked himself in his cabin and in twelve hours learned enough about the subject to enable him to rebuild the plant and summon assistance.

The members of the missing crew of the San Gabriel are: Captain Allman; first officer, C. Anderson; second officer, John Rosdahl; chief engineer, Otto Falkstrom; assistant engineers, J. H. Johnson and A. Steinmetz; purser, Frank Moffat; armen, Victor Rozend, Adam Abalin and F. Werford; winchmen, Nils Johansen and Franz Wilhelm; firemen, O. M. Olson, J. Elberdin and H. Anderson; galleyman, F. Montero, and mess boy, John Azo.

The steamers Coos Bay and the Blackford were wrecked in the same location about the same time. The San Gabriel has been in the lumber trade between Oakland and Oregon and carried a cargo of 500,000 feet. She was sold some time ago and was remodeled by building a house on deck for passenger accommodation, and it is thought by mariners that when she ran into this hurricane she became top heavy and turned turtle.

Chivers Sues Mott
Over Realty Deal

Herbert C. Chivers, of St. Louis, former Oakland architect and a candidate for mayor several years ago, has filed suit in San Francisco against the Frank K. Mott Company of Oakland, alleging that through negligence this firm caused him to fail to buy an Oklahoma City hotel.

He claims that this loss through failure to consummate the deal was \$201,500. He had sued John C. Hughes, the owner of the hotel, for failure to sell, this suit being dismissed in the Oakland courts. The Mott Company, he claims, was his agent in the proposed purchase.

Lecturer Will Tell
of War-Bound France

"Beautiful France in Peace and War" is the subject of the lecture to be given tonight by Dr. Norman H. Nesbitt of San Francisco, speaking in the Clavson school, Thirty-second and Magnolia streets. It is one of the lectures in the series conducted for adults by the Board of Education.

Dr. Nesbitt's lecture is one of anecdote and personal experience. As a young man he was a student in Paris and he knows France from the Latin Quarter to Monte Carlo. His beautiful home-made lantern slides will make real to his hearers places familiar by reason of the news from the front.

SHEDS HIS UNIFORM.
In response to a telephone call from a woman, who reported that a man was disrobing in front of her home, the police found a uniform of a United States private near Oak street last night. The owner of the uniform had fled, the man having apparently made a hurried change to civilian attire.

SERVING SOLDIERS.
The Salvation Army war workers are operating at 831 units in this country, England and in the war zone.

'HARD SKIN' AND
FOOT CALLUSES

Magic! Peel Them Right Off
Without Pain or Sore-
ness.

Don't suffer! A tiny bottle of Eucalyptus costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers.

When you peel off corns or calluses with Eucalyptus the skin beneath is left pink and healthy and never sore, tender or even irritated.—Advertisement.

'SALOMY JANE'
STAR TO BE
AT LAKESIDE

Beatriz Michelena, world-celebrated motion picture star, whose "Salomy Jane" and other features are known wherever a screen has been set up in a theater, is to help the Oakland wives, mothers and sweethearts send the "Smiles" to the boys. For the picture fans have declared Miss Michelena's smile to be the sweetest in the movies—and she, with the rest of the loved ones of those who are fighting democracy's battles will be at Lakeside Park, Sunday, when The TRIBUNE takes its great picture for the Eastbay boys in the trenches.

Miss Michelena will help instruct those who are to pose for the big film. She'll show the best way of "registering" for the camera, that the boys may get the best film possible. She will meet the mothers, wives and sweethearts. An ardent student of the camera is doing this to help in what she considers the greatest work the movies have ever accomplished—for this film will carry morale with it for every soldier who sees his loved ones in it.

NOTED DIRECTOR.
George Middleton, the celebrated motion picture producer, and director of Miss Michelena's features, is to direct the taking of The TRIBUNE film at Lakeside Park tomorrow. He will be on hand to attend to every detail. Every camera man will be under his personal direction, and his own camera men will take the pictures. Middleton is now laying out the plans for the parade of loved ones, and will be able, by tomorrow, to give explicit directions as to where everyone is to be placed.

He will have efficient help, too. Harry G. Williams, who has marshaled so many parades here out of them himself, will be chief director of the parade before the camera, working with the famous director. Harry A. Luffey, who has staged many pageants, including the recent famous affair in Treble Glen, will aid in giving the affair a spectacular touch. Nicholas Riccardi, of the school department, also well known as an artistic designer of pageants, will be another helper. Earle Snell, teacher of motion picture scenario-writing at the University of California, and author of many of Miss Michelena's scenarios, Clyde Westover, scenario author and playwright, and father of one of Oliver City's film stars, will also be on the general committee.

T. A. D. C. FILM.
Arrangements were made today for showing the big film in Oakland, Berkeley and Alameda before it is to be sent to France by the government division. Arthur Wenzel, manager of the Oakland T. and D. has kindly offered the Oakland and Berkeley T. and D. theatres as his arrangement for showing in Alameda for the film, that the people appearing may see themselves as their loved ones will see before the picture goes overseas.

Franklin's band is to play immediately after the taking of the film, and Miss Michelena, who before entering the film was a noted grand opera star, has been invited by Henry Vogt, in charge of the concert, to sing "The Star-Spangled Banner" for the patriotic occasion. A splendid band program will be given at the bandstand immediately after the taking of the picture.

City officials, cadets from the University of California Aviation School, and representatives of the Elks, the Moose, the Defenders' Club, Rotary Club, Lion's Club, and union labor will also be in the film. The Shipworkers have prepared a banner—"We're building the ships to bring you back!" for the film.

"SHOW HIM STAR."
"Show him his star on the service flag," suggests Director Middleton to the relatives of the soldiers bring service flags, or perhaps banners or signs which they may prepare at home, that would catch the eye of the soldier as he sees the picture. Perhaps his name, suggests the director—or some phrase he'll recognize.

TO KEEP GOING

Culp Was Getting Desperate
When He Took Tanlac; In
Fine Shape Now

"It's a positive fact that I hadn't used up more than half of my first bottle of Tanlac before I felt it was getting at the seat of my trouble, and it sure has fixed me up all right," said W. C. Allen, an employee of the Wiley B. Allen Piano Co., at 414 1/2 South Broadway, Los Angeles.

"About three years ago," he continued, "my stomach went back on me and started me down hill. I lost my appetite, everything I forced down soured on my stomach, and the gas that formed from my undigested food kept me up something awful. I had an acid stomach and suffered so much from heartburn that I was unable to sleep at night. I was too nervous and restless at night to get any refreshing sleep, and during the day was so sluggish and droopy that I had no life nor energy, and felt so tired and worn out that I was unable to do anything at all. I never was able to find anything that would help me in any way, and I was getting desperate about the time I began to read about the way Tanlac was relieving so many other sufferers. I decided to try it then and there to try this new medicine and got me a bottle. It wasn't long before I knew from the way I was improving that at last I had found the right medicine for my case. My appetite is simply fine. I can eat anything I want at any time, and enjoy every mouthful. There is not a thing wrong with my stomach or indigestion now, no gas, no heartburn, no acid taste in my mouth at all. I sleep like a log and get up in the morning feeling greatly rested and refreshed. I am gaining in weight every day, and good solid flesh, too, and I just can't tell how thankful I am for the wonderful relief Tanlac has given me since I started taking it."

Tanlac is sold in San Francisco and Oakland by The Oak Drug Company stores.—Advertisement.

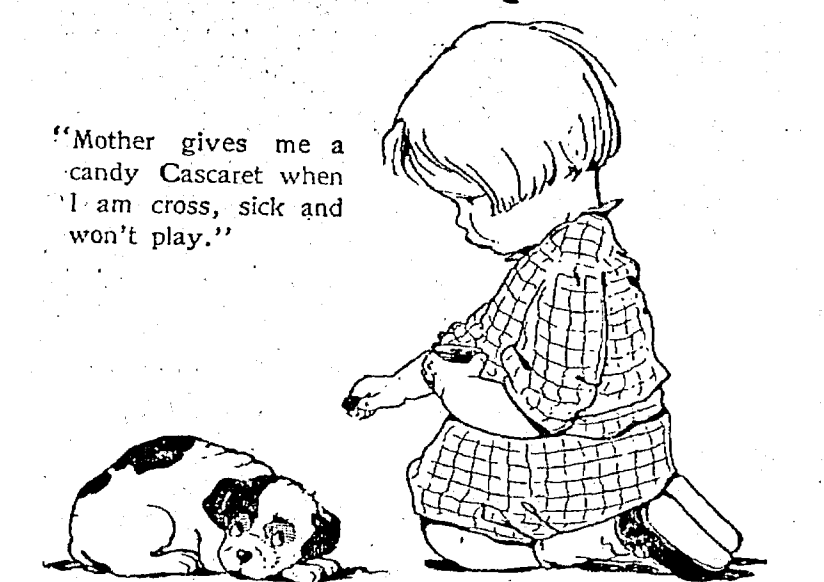

FOR CRAMPS IN THE STOMACH.
If you have ever been doubled up with cramps in your stomach, you will be interested in the experience of Charles Henry Oswego, N. Y., who says: "About four years ago I was afflicted with a cramp in my stomach and bowels. I used Chamberlain's Colic and Diarrhoea Remedy. It is by far the best medicine of the kind I have ever used." For sale by Osmond Bros' Drug Store.—Advertisement.

Send Him a Smile For Christmas
Tribune Film to Go to France

WIVES, MOTHERS, SWEETHEARTS!
Send yourselves to France for Christmas! Smile for your boy "over there!"
SUNDAY'S THE DAY! LAKESIDE PARK is the place!
For that's the time The TRIBUNE is to take pictures to be sent to France for the Oakland soldiers—pictures of their own people, smiling for them. It's to be the greatest kind of a Christmas present for the boys—the sight of their own home folks in their own home city!

Everyone in Oakland, Berkeley or Alameda with a boy at the front is wanted to pose in that film.
YOUR BOY is longing to see you!
Send him a smile—for Christmas.
George Middleton, celebrated picture director, will have charge of the filming. Beatriz Michelena, celebrated picture actress, will be present to help personally and to meet those the boys left behind.

THE TIME is 1 o'clock in the afternoon!
THE PLACE—Lakeside Park!
THE DAY—Sunday!
THE PICTURE—You!

Give Candy Cascarets to a
Bilious, Constipated Child

TO MOTHERS! Each ten cent box of Cascarets, candy cathartic, contains full directions for dose for children aged one year old and upwards. Nothing else "works" the nasty bile, sour fermentations and constipation poison from the tender little bowels so gently, yet so thoroughly. Even cross, feverish, bilious children gladly take Cascarets without being coaxed. Cascarets taste just like candy. Cascarets never gripe the little bowels, never sicken, never injure, but above all, they never disappoint the worried mother.

The President's Proclamation
of September 19th—

"Every day the great principles for which we are fighting take fresh hold upon our thought and purpose and make it clearer what the end must be and what we must do to achieve it. We now know more certainly than we ever knew before why free men brought the great Nation and Government we love into existence, because it grows clearer and clearer what supreme service it is to be America's privilege to render to the world. The anniversary of the discovery of America must therefore have for us in this fateful year a peculiar and thrilling significance. We should make it a day of ardent rededication to the ideals upon which our Government is founded and by which our present heroic tasks are inspired."

"Now, therefore, I, Woodrow Wilson, President of the United States, do appoint Saturday, the 12th day of October, 1918, as Liberty day. On that day I request the citizens of every community of the United States, city, town, and countryside, to celebrate the discovery of our country in order to stimulate a generous response to the Fourth Liberty Loan. Commemorative addresses, pageants, harvest home festivals, or other demonstrations should be arranged for in every neighborhood under the general direction of the Secretary of the Treasury and the immediate direction of the Liberty Loan Committee in co-operation with the United States Bureau of Education and the public school authorities. Let the people's response to the Fourth Liberty Loan express the measure of their devotion to the ideals which have guided the country from its discovery until now, and of their determined purpose to defend them and guarantee their triumph."

"For the purpose of participating in Liberty day celebrations all employees of the Federal Government throughout the country whose services can be spared may be excused on Saturday, the 12th day of October, for the entire day."

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed."

"Done in the District of Columbia this 19th day of September, in the year of our Lord one thousand nine hundred and eighteen, and of the independence of the United States of America the one hundred and forty-third."

"By the President, WOODROW WILSON.
"ROBERT LANSING, Secretary of State."
